Please Give Generously!

For a fun way to inform your people about the World Evangelism Fund (and one they will not soon forget), make "pockets" of construction paper and insert the information listed above. Trace the pocket graphic above (including stitching and rivets) and use as a pattern. Make copies of the pattern (two for each pocket you will make). Staple the two pieces on the sides and bottom, and insert the World Evangelism Fund information into the open top. Distribute in advance of your Easter Offering.
